A chapter of the American Association of Woodturners: www.woodturner.org

December, 2005 “Turnings”

We have a great announcement in this issue. As of January 1, 2006 our own Angelo Iafrate will be the new President of the American Association of Woodturners.

Angelo first ran for the board of Directors of the AAW a few years back and lost, primarily because the New England Region of the AAW is one of the smallest regions, with less voting members than most other regions. Soon after, a board member resigned, and

Angelo was appointed to the Board of Directors. This year, Angelo was elected to the AAW board. Angelo is a guy who knows what he wants, and knows what to do to attain his goals. He readily accepted all the responsibilities that were given to him by the AAW Board, working on a great number of committees. He also sought to get known nation-wide by other woodturners across our country.

He will now attain his goal as leader of the AAW on January 1, 2006. Angelo, you are an inspiration!! I know that the AAW will be in trusted hands this coming year.

Mike Murray announced that the Pen Ceremony would be held sometime in the future at a time to be announced.

The on-line Auction of turnings by world famous turners for Hurricane Katrina woodturners has been postponed. More information will be supplied when it is announced by the AAW.

Treasurer Bob Hopkins announced that the club balance is now \$1988.09

New Members: Jerry Hyatt and Jim Chase have joined our organization.

Member Randy Jorgenson announced that his group that is carving wooden horses for a future carousel at Warwick's Oakland Beach, will have their carvings on display at Moses Brown School on Lloyd Ave in Providence from November 29th to December 16th.

Nominating Committee: President Mike Murray appointed Rich Lemieux, Bill Smith and Mickey Goodman to present a slate of officers to be voted on at our December meeting.

Show and Tell

John Chakuroff: round clock, 4 wedding goblets, 2 spools, and metal hollowing tools

Mickey Goodman: (on right side next to segmented vase) a lidded box of Spalted Maple
