Treasurer's Report Bob Hopkins reported that we have approximately \$3,450 in our treasury

Wayne Collins discussed benefits of joining the AAW, including receiving their magazine, vendor discounts, etc. Go to AAW (American Assoc. of Woodturners) www.woodturners.org website for further information. Wayne also received an e-mail from Al Hockenbery clarifying that the AAW insurance will only cover members during sanctioned club events.

OLD BUSINESS:

Steam Engine : Anthony Scuncio said that the Steam Engine is on display in the Woodcraft showroom. The club will take it apart at the March 2010 meeting and club members will take pieces home to clean and refinish. (The fly wheel that was initially missing was found)

AAW Symposium in June (Hartford, CT) -Mike Murray attended an organizational meeting for our club. For now, "no new information". He encouraged club members to consider volunteering to help at this symposium.

NEW BUSINESS:

Saturday's Vesery Demo: Bill Smith motioned that we purchase a sound system and it was voted on & approved. Larry Dunklee . will rent one for this demo (and ask about a rent-to-own option). It is possible that the local Woodworkers Guild may be interested in going half with us.
