We need club members to do more demos. We all have special skills that we should share with the club. Hope we can develop more interest in displaying our abilities to each other

Meeting Minutes

Roland opened the meeting with 20 members

Treasurer's Report – Bob's report was read. We have \$2111.20 in the club account and \$429.49 in the camera fund. Gene A. moved to accept and Alex A. seconded, accepted unanimously

Committee Reports. All committees are looking for help from the membership. Please contact the committee chairs for more info.

Program Committee:	No report
Outreach Committee:	No report
Fundraising Committee:	No report

Turn and Learn – Roland contacted Asher about the possibility of getting extra shop time. Asher agreed, but needs more detail. At the last meeting Rick Bugbee agreed to chair a committee with Ed Keenan and Kellie Von Sharp to head the effort. At this meeting it was suggested that the sessions could be done 1 hr before a meeting, three or four times at year.

Roland addressed the club about the future demonstrations at club meetings. It was suggested that more club members commit to doing demos at these meetings. I understand that some members may be reluctant to commit to doing demos, but I want to point out that we all have a commitment to turning and we need to and we all have something to give to each other.

The next demo will consist of members breaking up into groups and we will all bring our favorite jigs, tools, methods, etc will be discussed.
